MEMORANDUM FOR: Director, National Reconnaissance Office

SUBJECT : Your Memorandum for Record, dated
25 June 1964

1. Reference the subject memorandum, I have just this morning seen it after returning from the trip I departed on Thursday afternoon. I understand that in the light of conversations you have subsequently held with Mr. McCone, the subject memorandum is now of purely academic interest.

2. I do want you to know, however, that the memorandum does not conform to my understanding of our discussion Thursday.

3. We discussed the seven points you mentioned under FULCRUM, most of which you put forward. I made no agreement of any kind, nor did I commit the Agency or the Director to any course of action.

4. This confirms my oral statement, same date.

Marshall S. Carter
Lieutenant General, USA
Deputy Director
